This section of the report gives the statistics for attendance

This section of the report tells parents how many reward cards their child has handed in and the number of points they have accumulated for their good behaviour and attitude in lessons.

This section of the report tells parents if their child is coming to class without the necessary equipment, with inappropriate behaviour or incomplete homework.

The blue suggests that your child is working above expectations at the moment and if this continues they may well achieve above their end of year and end of Year 11 target grade

The pink suggests that your child is working below expectations at the moment and if this continues they may well achieve lower than their end of year and end of Year 11 target grade.

This is the Number Grade we hope your child will have reached by the end of the Year if they are on track to achieve their potential.

This is the Number Grade which is statistically most likely that your child will achieve in this subject based on their KS2 data

# The New Year10 Interim Report

This report can be interpreted in the same way as the reports for the other Year groups apart from the difference outlined below.
