

## Geography Work set for KS3 – week beginning 18<sup>th</sup> May 2020

### Year 7: How are populations changing?

**So far in this topic you have learnt about:**

- Population distribution, change, structure and migration
- Urbanisation and megacities

For the work this week you will be investigating another city BUT a much smaller one – Preston!

### **Your Task**

Produce a poster [ONE page, on a computer or by hand] with the title:

**The City of Preston**. Imagine that it is for someone who has never been to Preston. Include words and pictures. Make it interesting. Do NOT just cut and paste from one website.

### **You could include:**

- ✓ History
- ✓ Geography – you could include a map
- ✓ Interesting facts
- ✓ Famous people from Preston
- ✓ Interesting buildings
- ✓ Parks + other open spaces
- ✓ Sport
- ✓ Preston Docks

Don't just rely on the internet. You may find a book at home about Preston that you could use. Or you may have someone at home to ask! Here are some website suggestions – you may find others.

## Work set for KS3 – Year 8 - week beginning 18<sup>th</sup> May 2020

### Year 8

So far in this topic about **Asia** you should have completed work about:

- Physical geography
- The monsoon
- Flooding in Bangladesh
- Mount Everest

This week you will be finding out about the population in Asia. Population is also a topic you studied in Year 7.

### Task

Title: **Population in Asia.** Answer in full sentences

1. What was the population in Asia in 1950 and 2019?
2. What is the population of Asia as you are doing this work? [Look at Worldometers].
3. Which Asian country has the largest and smallest population? Include the figures.
4. Find a map to show the population distribution in Asia and paste into your document if you can.
5. Which parts of Asia are the most densely populated? Find a picture if you can.
6. Which parts of Asia are the most sparsely populated? Find a picture if you can.
7. Which Asian country had the one-child policy?
8. When did the one-child policy start and end?
9. Find a population pyramid for Afghanistan and one for Japan. Paste into your document if you can. What is different about the 2 pyramids?
10. Which Asian country is likely to grow the fastest in the future?

## Work set for KS3 – Year 9 - week beginning 18<sup>th</sup> May 2020

### Year 9

We are continuing to study **Glaciation and how ice changes the world**. So far in this topic you know:

- ✓ How ice changes the world, what glaciers are + the different types
- ✓ How and why glaciers form and move
- ✓ Glacial processes eg freeze-thaw + plucking
- ✓ Glacial erosion landforms eg u-shaped valleys, corries and arêtes
- ✓ Glacial deposition landforms eg moraines, drumlins, erratics + outwash plains

This week you will investigate **how people use glaciated areas**. Answer in full sentences.

### Task

#### The Lake District

1. Where is the English Lake District? Try to find a map to include in your work.
2. When did people start to visit the Lake District? How did they arrive?
3. What attracted the early visitors to the Lake District?
4. What attracts visitors to the area today? Try to find out about both physical and human attractions.
5. How do people travel to the area today? What problems might this cause?
6. Why may there be conflict between visitors and local people in the area? Find examples.
7. Other economic activities also take place in the Lake District. eg farming, quarrying and water storage/transfer. Try to find out one fact about each one of these and include some information in your work.
