

THE RAINBOW

Genesis 9: 8-17

God said to Noah and his sons, “I am now making my covenant with you and with your descendants, and with all living beings—all birds and all animals—everything that came out of the boat with you. With these words I make my covenant with you: I promise that never again will all living beings be destroyed by a flood; never again will a flood destroy the earth. As a sign of this everlasting covenant which I am making with you and with all living beings, I am putting my bow in the clouds.

It will be the sign of my covenant with the world. Whenever I cover the sky with clouds and the rainbow appears, I will remember my promise to you and to all the animals that a flood will never again destroy all living beings. When the rainbow appears in the clouds, I will see it and remember the everlasting covenant between me and all living beings on earth. That is the sign of the promise which I am making to all living beings.”

THE RAINBOW

A rainbow is God's sign of His never ending love for us. We see rainbows a lot in the Old Testament of the Bible as a sign of God's covenant (promise) with his people.

And we have just read one of those stories.

You might have also seen rainbows in the windows of people's houses. The rainbow has become a symbol of hope during the coronavirus epidemic. So I invite you to make your own rainbows, in whatever way you choose, be creative! We would love to see the rainbows you have recreated in your windows so please send a picture of them to us via email or share them on social media and tag us (twitter or instagram).

Our rainbows are a great reminder of God's relationship, covenant and love for us, reminding us that he is always with us even through the cloudy, stormy parts of life.
