

Scheme of Learning Overview

KS3 French

Year 7			
Autumn	Spring 1	Spring 2	Summer
Pupils start to access the National Curriculum and develop their language skills through the theme of 'La rentrée'. They will give personal details, discuss likes and dislikes and start to describe others.	'En classe' - in this module pupils will focus on their life in school. They will learn to tell the time, describe the subjects that they like and dislike, talk about their school uniform and describe a typical day.	'Mon temps libre' - in this module pupils will focus on the sports that they play, other activities that they do and sports in French-speaking countries whilst revisiting their likes and dislikes. They will also learn about the near future tense, describing where they are going to go and what they are going to do.	'Ma vie de famille' - in this module pupils will describe a family in more depth, talk about where they live, describe their breakfast time routine and learn more about what happens on Bastille Day.
Year 8			
Autumn	Spring 1	Spring 2	Summer
'Vive les vacances!' - in this module pupils will revisit the present tense and will then learn how to describe a previous holiday. They will describe a trip to a theme park and will also talk about holiday problems.	'J'adore les fêtes!' - in this module pupils will learn about festivals, celebrations and other special events. They will also learn how to buy food at a market and talk about food for a special occasion.	'À loisir' - in this module pupils will describe their TV and film likes and dislikes. They will learn how to arrange a trip to the cinema, they will revisit other leisure activities and they will describe a shopping trip.	'Le monde est petit' - in this module pupils will focus on the world around them. They will talk about where they live, what you can do locally, the weather, their daily routine and how they help at home.
Year 9			
Autumn	Spring 1	Spring 2	Summer
'Le sport en direct' - in this module pupils will focus on the sports that they do, they will talk about fitness, they will interview a sportsperson and they will finish by discussing the body, illness and injury.	'Ville ou campagne? Où j'habite' - pupils will develop an in-depth knowledge of the area where they live, they will describe what there is / isn't in their town, they will learn how to give directions, they will	'La vie techno' - in this module pupils will describe in detail their TV and film preferences, they will discuss their life online and how they use new technology, they will talk about the types of music that they like and dislike and they will	'Famille et copains' - pupils will provide an in-depth description of their family and friends, they will talk about what makes a good friend, they will explain why they get on well with people, they will learn how to make arrangements to go out, they will

	revisit weather terms and they will describe the pros and cons of where they live.	learn how to describe a musical event that they have attended.	discuss a day out and they will describe a role model.
