

Careers Guidance

One-to-one guidance is available to all pupils from Years 7 to 11 upon request.

In addition:

Year 7

At the end of Year 7, pupils meet with the Careers Adviser in small groups to review their first year, what they have enjoyed during their first year at All Hallows and what they are looking forward to as they move into Year 8. This is timed to support the Personal Development curriculum, where they complete a careers module during Spring Term 2.

Year 8

As part of their Personal Development Enrichment Day, pupils are formally introduced to the routes ahead of them and the important decisions they will be making in the future regarding their 'next steps'. Within this, each pupil has the opportunity to talk about their own career ideas and they are advised about the route or routes to achieve these, with the whole group benefiting from learning about a range of career routes moving forward.

Year 9

Pupils meet with the Careers Adviser in small groups and/or on a one-to-one basis to talk about their GCSE options and how to make good decisions. Pupils are able to discuss their career ideas with the Careers Adviser in these sessions and find out more about routes and qualifications and useful resources.

Year 10

All pupils meet with the Careers Adviser on a one-to-one basis during KS4, to reflect on how GCSEs are going and to start to think about future options. Pupils can discuss their career ideas and start to gain clarity on what their Post-16 route could look like.

Year 11

By the end of Year 11, all pupils receive one-to-one guidance focusing on their plans for after GCSEs. Tailored support is provided to make applications, choose subjects or apply for apprenticeships as appropriate and targeted help is available to assist pupils with this transition if required.
