

In-Year Admissions

In-Year Admissions are applications for a school place made outside the normal admissions rounds, for example when a family moves into the area or wishes to transfer their child from another school.

If you are new to the area and require a school place, or if you already live locally and wish to move your child from their current school to All Hallows Catholic High School, you should apply directly to the school.

How to Apply

To apply for an in-year place, please complete our In-Year Admissions Form and return it by email to admissions@allhallows.lancs.sch.uk

If you wish to provide evidence of your Catholic faith, please email this to the same address. You may also wish to complete our Supplementary Information Form.

For any questions about in-year admissions, please contact Miss L Horton:

Email: admissions@allhallows.lancs.sch.uk

Telephone: 01772 746121

What Happens Next?

We will acknowledge your application when it is received and will aim to advise you of the outcome within a maximum of 30 school days.

Where places are available, your application will be considered in accordance with our published admissions arrangements.

If there are more applications than available places, our published oversubscription criteria will be applied to determine which child or children are offered a place.

If There Are No Places Available

If we are unable to offer your child a place because there are no places available, you will have the right to appeal against the decision.

For further information about our admissions arrangements and oversubscription criteria, please refer to our Admissions Policy.
